The committee reviewed the Non-Regulated Procedure request and had no comments for the researcher to address. The committee agreed this request would receive ethical approval.

The minutes from the previous meeting were not available.

3. Matters arising from the minutes and AOB

[REDACTED] asked the committee what the process would be if a researcher wanted to add another person to an already approved Non-Regulated request. [REDACTED] confirmed it would not need to come back to another AWERB committee meeting if nothing else in the request was changing.

[REDACTED] also confirmed that she had met with [REDACTED] regarding the [REDACTED]. The pipe has now been replaced, and the zinc levels have now returned to normal. [REDACTED] informed the committee that she will look to enquire with the [REDACTED] about these animals and update the committee in due course.

[REDACTED] informed the committee that plans were in motion for the [REDACTED] at [REDACTED] and a Non-Regulated Procedure request for this would be completed in January.
