1. Non-Regulated Procedure Requests

(a) [REDACTED]

The committee reviewed the Non-Regulated Procedure request and asked the researcher to provide the maximum numbers of animals that could be used. They also requested further information in regards to where the breeding would take place or the inclusion of references to the researcher maintaining the colony if that is the case. The committee asked for further information around re-use and also asked if specific animals could have a companion added from spare stock. In regards to specific procedures planned the committee asked for the inclusion of life stages. They also explained that the project end date could be extended till the end of the grant and the researcher would not be required to submit a repeat request. The committee agreed the Non-Regulated Procedure request would need to be updated before it could receive ethical approval.
