The committee discussed the following:

- The removal of specific sentences from Section 14.3 as they are not applicable.
- Re-wording of specific sentences in regards to ageing in Section 20.1.
- Further detail in regards to specific methods planned in Section 22.
- The committee advised the researcher to consider adding a maintenance protocol to their project licence, where any adverse effects could be managed, instead of keeping animals on a non-reg.
