1. Project Licences

a) Amendment: [REDACTED]

The committee discussed the following:

- Further information included in the Project Plan regarding the amendment proposed.
- Further justification with examples of previous occasions where the proposed vaccine technology has been used effectively included in the Project Plan.
- Further information around the use of hamsters included in the Project Plan.
- Further clarification around when the researcher plans to undertake 'ageing experiments' included in the Project Plan.
- The removal of references in the Project Plan to animals travelling to other establishments in Protocol 6.
- Revision of animal numbers so they match up throughout the licence.
- Further information around specific procedures planned, adverse effects and the severity of these in the new protocols planned for use.
- Further information added to Protocol 4 and 6, which reflects that immunisations will be carried out at least one week apart.
- The removal of wording in regards to Oral Gavage in Protocol 4 and 6.
- Animal numbers require amending in the Project Summary.
- Several typographical errors that require amending.

The committee agreed changes were needed before a draft was submitted to the Home Office.
